

What Should I See/Do?

We recommend several trips to Allerton to wander around and adequately take it all in, but if you have a limited amount of time and want to see some highlights, check out the path below (and some suggested 'add-ons' if time and curiosity allow!)

Recommended Add-Ons:

Continue past Sunken Garden to the *Death of the Last Centaur* (~0.5 miles) and *Sun Singer* (~1.25 miles). Both can also be reached by car – just follow the road past the Visitor Center and you can't miss parking for the Centaur or the Sun Singer!

Turn right at number 7 and walk down to the Fu Dog Garden (~0.25 miles) or park in the Main Parking Lot for a little closer walk.

Hike the Schroth (Red) Trail or McDonald Family (Blue/Green) Trails for beautiful forest and river views.

2. Straight through the Square Parterre Garden
3. Avenue of the Formal Gardens (Primitive Men sculptures)
4. Reflecting Pond / Koi Pond (Sphinx sculptures)
