WELCOME!

We’re glad you ventured out to enjoy the great outdoors and the Kirby Winter Wellness Walk!

Please wear a mask if you are unable to keep 6 feet between yourself and other visitors.

This after dark experience is only possible with the generosity of visitors like you and our sponsors. A donation of $10/car is suggested and can be made using the donation box below or online at Allerton.illinois.edu. Thanks for supporting the future of the Winter Wellness Walk!

We are thrilled to include three glowing, masterful sculptures created by John E. Bannon (the first resident of our inaugural In Residence program)! Each piece is denoted by a blue sculpture icon (üc). Please note that the sculpture in the Sunken Garden is best accessed by car (parking available in the Sunken Garden lot P).

Take a slight detour and peer through the Solarium doors (near the Koi Pond) to check out the Polar Express Train display, courtesy of the Monticello Railway Museum.

If you post any pictures of your journey online, don’t forget to tag Allerton Park and Retreat Center and #AllertonWinterWonders.

We recommend taking a picture of this sign to reference during your walk, if needed!

Bathrooms are located in the Visitor Center. (üc VISITOR CENTER üc)
