

GLOW Selfie Scavenger Hunt

Welcome to the very first GLOW All-Ages Scavenger Hunt! The clues below will lead you on an adventure through the gardens and outdoor light exhibitions. If you want to post pictures on social media (not required!), we'd love for you to use the tag **#allGLOWnup** to light up the Allerton Insta feed!

Rules:

1. All of the clues can be found on the GLOW lighted walk noted on the signs by the Visitor Center and Main Parking Lot. *HINT: There are no clues near the mansion*
2. You aren't competing against the clock so please be safe as you walk through the course.
3. Please wear weather appropriate attire. The scavenger hunt should take between 45 to 60 minutes to complete.

Clues:

- Find a statue lit up in **blue**.
- Take flight (and a selfie) with a set of wings!
- The weather outside might be frightful, but the fire is so delightful! Snap a photo while warming up at a fire pit.
- Find the girl who is ready for the cold weather – she's got a scarf!
- Take a photo in a tunnel or dome of lights.
- These funky neon shapes flicker and shine, wander through the woods to see them hanging in a line.
- This sound-reactive sculpture is based on fungal root networks. Go sing it a song!
- You can step right into these paintings, that are different day and night, find them at the end of a trail of light!
- Find a truck that's decked out in seasonal decor.
- Snag a group photo with a **BIG WORD**.
- Show us a dog. (It can be real or a fu dog!)
- These pillars of light stand in a circle to illuminate the Gatehouse Lawn.
